1 TIGRA — an architectural style for enterprise application integration
Wolfgang Emmerich, Ernst Ellmer, Henry Fieglein
July 2001 **Proceedings of the 23rd International Conference on Software Engineering**
**Publisher:** IEEE Computer Society
Full text available: pdf(137.99 KB) Publisher Site Additional Information: full citation, abstract, references, citings, index te

We report on experience that we made in the Trading room InteGRation Architecture project (TIGRA) at a large German bank. T system architecture for integrating different financial front-office trading systems with middle- and back-office applications. We proposing an architectural style that can be re-used for similar enterprise application integration tasks. The TIGRA style is based representation using domain-s ...

2 Software engineering tools and environments: a roadmap
Harold Ossher, William Harrison, Peri Tarr
May 2000 **Proceedings of the Conference on The Future of Software Engineering**
**Publisher:** ACM Press
Full text available: pdf(1.86 MB) Additional Information: full citation, references, citings, index terms

**Keywords**: integration, process-centered software engineering environments, programming support environments, separation of environments, tools

3 Software engineering and middleware: a roadmap
Wolfgang Emmerich
May 2000 **Proceedings of the Conference on The Future of Software Engineering**
**Publisher:** ACM Press
Full text available: pdf(1.34 MB) Additional Information: full citation, references, citings, index terms

4 Web and e-business application: A Java based XML browser for consumer devices
Petri Vuorimaa, Teemu Ropponen, Niklas von Knorring, Mikko Honkala
March 2002 **Proceedings of the 2002 ACM symposium on Applied computing**
**Publisher:** ACM Press
Full text available: pdf(918.25 KB) Additional Information: full citation, abstract, references, citings, index te

Next generation consumer devices will all have an Internet connection. Thus, one vision is that the future multimedia services wi Markup Language (XML) is the most likely markup language. In this paper, we introduce a Java based XML browser called X-S devices and supports multimedia services. The main advantage of the X-Smiles browser is that it supports most of the XML relat based languages can be m ...

5 Efficient filtering in publish-subscribe systems using binary decision diagrams
Alexis Campailla, Sagar Chaki, Edmund Clarke, Somesh Jha, Helmut Veith
July 2001 **Proceedings of the 23rd International Conference on Software Engineering**
**Publisher:** IEEE Computer Society
Full text available: pdf(225.86 KB) Publisher Site Additional Information: full citation, abstract, references, citings, index te

*Implicit invocation or publish-subscribe has become an important architectural style for large-scale system design and evolution facilitates developing large-scale systems by composing separately developed components because the style permits loose coupli One of the major bottlenecks in using publish-subscribe systems for very large scale systems is the efficiency of filtering incomin published events w ...*

6 State-of-the-art presentations: Distributed component technologies and their software engineering implications
Wolfgang Emmerich
May 2002 **Proceedings of the 24th International Conference on Software Engineering**
**Publisher:** ACM Press
Full text available: pdf(1.27 MB) Additional Information: full citation, abstract, references, citings, index te

In this state of the art report, we review advances in distributed component technologies, such as the Enterprise Java Beans speci Component Model. We assess the state of industrial practice in the use of distributed components. We show several architectural distributed components have been used successfully. We review the use of iterative and incremental development processes and architecture. We then assess the st ...

7 Implementation of a WebDAV-based collaborative distance learning environment
Changtao qu, Thomas Engel, Christoph Meinel
October 2000 **Proceedings of the 28th annual ACM SIGUCCS conference on User services: Building the future**
**Publisher:** ACM Press
Full text available: pdf(184.04 KB) Additional Information: full citation, references, citings, index terms

**Keywords**: Java 2 platform enterprise edition, JavaServer pages, collaborative distance learning, enterprise JavaBeans, virtual ur authoring and versioning

8 Bringing the enterprise into a database systems course
Thomas K. Moore
February 2002 **ACM SIGCSE Bulletin , Proceedings of the 33rd SIGCSE technical symposium on Computer science educa** Issue 1
**Publisher:** ACM Press
Full text available: pdf(342.74 KB) Additional Information: full citation, abstract, references, citings

Most database systems courses concentrate on teaching the principles of relational databases. An alternative approach is one in w within the context of emerging enterprise systems. A description is given in this paper of a course that has been successfully taug uses the Java 2 Enterprise Edition (J2EE) model, and its services, to illustrate basic database principles.

Search: The ACM Digital Library The Guide

+jmsml

**Nothing Found**

Your search for **+jmsml** did not return any results.

You may want to try an Advanced Search for additional options.

Please review the Quick Tips below or for more information see the Search Tips.

**Quick Tips**

- Enter your search terms in lower case with a space between the terms.

```
sales offices
```

  You can also enter a full question or concept in plain language.

```
Where are the sales offices?
```

- Capitalize proper nouns to search for specific people, places, or products.

```
John Colter, Netscape Navigator
```

- Enclose a phrase in double quotes to search for that exact phrase.

```
"museum of natural history" "museum of modern art"
```

- Narrow your searches by using a + if a search term must appear on a page.

```
museum +art
```

- Exclude pages by using a - if a search term must not appear on a page.

```
museum -Paris
```

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.

```
museum +"natural history" dinosaur -Chicago
```

CiteSeer Find: jmsml Documents Citations

Searching for **jmsml**.
Restrict to: Header Title Order by: Expected citations Hubs Usage Date Try: Google (CiteSeer) Google (Web) Yahoo! MSN CSB DBLP
**Order: number of citations.**
No documents found.

**Suggestions:**
Check spelling: jmsml

Try your query at: Google (CiteSeer) Google (Web) Yahoo! MSN CSB DBLP

CiteSeer.IST - Copyright Penn State and NEC

Google Scholar BETA jmsml 1995 - 20(

Your search - **jmsml** - did not match any articles published between **1995** and **2003**.
No pages were found containing **"jmsml"**.

Suggestions:

- Make sure all words are spelled correctly.
- Try different keywords.
- Try more general keywords.
- Try fewer keywords.
- Try searching over a larger date range.
- Try your query on the entire web.
